THE NEW LOANCONNECTOR
NEW TOOLS AND COVERAGE FOR SECONDARY MARKET iNTELLIGENCE (SMi) CLIENTS

LOANCONNECTOR
IN THE SPRING OF 2015 THOMSON REUTERS LPC RETIRED SECONDARY MARKET INTELLIGENCE (SMI) AND INCORPORATED SMI'S CONTENT AND CAPABILITIES INTO THE NEW LOANCONNECTOR.

LoanConnector is the one-stop solution for the global primary — and now — secondary loan markets. It provides users with instant market intelligence and access to comprehensive news, data and analysis, including late-breaking news, forward deal calendars, pricing grids, historical data, industry analysis and much more, empowering users with the information needed to succeed in today's market. Secondary loan market content in LoanConnector is powered by the **LSTA/Thomson Reuters Mark-to-Market Pricing Service**.

WHAT'S NEW WITH LOANCONNECTOR:
- Complete global loan market coverage: LoanConnector now covers the primary and secondary loan markets
- New look: LoanConnector's new interface is clean, easy-to-read and logically ordered
- **DealScan**: Thomson Reuters LPC's comprehensive, reliable historical deal information on the global loan markets. DealScan is more intuitive, more user friendly, and much more powerful, featuring nearly 200 search fields – including secondary pricing data. DealScan includes access to detailed data on 300,000 loan tranches
- Enhanced customization: Select from more than 100 possible landing pages in LoanConnector to access the information you need most. Segment by market, geography, industry and more.
- Smart searching: LoanConnector has more filters – and smarter filers – than ever before. Refine your search at the beginning, and LoanConnector will continue to refine your data as you search.

WHAT'S NEW FOR USERS OF THE SMI PLATFORM:
- Access to primary market coverage across the entire platform
    - Primary data is now part of the Data Bank functionality
    - Primary loan terms and conditions are now part of the Facilities functionality
- Access to the DealScan database — the world's number one source for comprehensive, reliable historical deal information on the global primary and secondary loan markets. DealScan includes access to detailed data on 300,000 loan tranches
- MyLPC Alerts — allows users to set up e-mail alerts which they will receive on a daily basis:
    - Daily Digest: Summary report, based on user-chosen criteria, sent once a day (at 6:00 PM in your region)
    - MyLPC notifications: Sends an e-mail each time a content is uploaded to LoanConnector that matches the users criteria
